O R D E R

On April 8, 1996, Goshen Utilities, Inc. ("Goshen") applied to the Commission for authority to construct a waterworks improvement project, for approval of the proposed plan of financing for said project, and for an adjustment of rates. In its filing, Goshen requested permission to deviate from the requirements of 807 KAR 5:001, Section 6(9) and Section 10(7)(a).

807 KAR 5:001, Section 6(9), requires the submission of a detailed income statement and balance sheet covering operations for a 12-month period ending not more than 90 days prior to the date the application was filed. Section 10(7)(a) requires the submission of a detailed income statement and balance sheet reflecting the proposed adjustments. Goshen has filed its 1995 Annual Report with the Commission and that report along with the information in the filing is sufficient to enable the Commission to review adequately Goshen's filing. Therefore, its request for permission to deviate from the above-cited regulations should be granted.

IT IS THEREFORE ORDERED that Goshen's request for permission to deviate from the requirements of 807 KAR 5:001, Section 6(9) and Section 10(7)(a), is hereby granted, and Goshen's 1995 Annual Report is hereby incorporated by reference into the record.

Done at Frankfort, Kentucky, this 23rd day of April, 1996.
